## KEY TAKEAWAYS

- **Semi-detached is the segment to watch** — MOS edged up 3.0 → 3.1, still Balanced, while its \$400K–\$500K band leads the city at 47% sold.
- **Condos remain the lone buyer's market at 5.0 months** — supply eased from 5.1 as sales climbed to 352, led by \$200K–\$300K (158 sales, 22% sold).
- **City-wide inventory grew this week** — active listings up 27 to 6,037, sales up 10 to 1,695, supply unchanged at 3.6 months.
- **Sales velocity still cooling year over year** — August averaged 54 sales/day, down from 64 (2025) and 70 (2024) — a 23% two-year decline.
- **Luxury condos remain frozen** — 22 active listings over \$1.5M, zero sales again — while \$600K–\$700K townhouses moved briskly at 38%.
